KAUFMANN Dish Liquid Product Data Sheet

Application

Kaufmann Dishwashing Liquid is a super concentrated economical formulation for washing of all types of dishes, crockery, cutlery, glasses, pans, etc. Kaufmann Dish Liquid can also be applied in dilution as an all purpose cleaning detergent for hard surfaces.

Advantages of using Kaufmann Dishwashing Liquid are:

1. The pleasant Fresh fragrance that is released during washing;
2. The Skin conditioner for superior softness and protection of hands against dryness and flakiness. **TIP:** Even though Kaufmann Dishwashing Liquid is not regarded as harmful to skin, it is always recommended to use kitchen gloves when washing dishes, cleaning surfaces, etc. not only for hygenic purposes, but also from a chemical perspective as it is after all a detergent that breaks down fats and greases;
3. The superb foaming action that lasts and lasts;
4. The reduction of surface tension in the dishwashing water that leaves dishes sparkling clean and streak-free after rinse-off.
5. Kaufmann Dishwashing Liquid has a neutral to slightly alkaline pH.

Dosage and Directions

Using 5ml per 10Lt of warm water, is all you need for most general applications. It is always advised to rinse any remaining grime off dishes prior to washing them clean with Kaufmann Dishwashing Liquid with the intention that dish water is not contaminated with food particles, etc. Once the dishes are washed sparkling clean, it is recommended to do a final rinse with clean, warm water.

Physical properties

Appearance:	Leaf Green Liquid
Specific gravity:	1,019 - 1,021
pH:	7,0 - 8,5

Useful Tips

Kaufmann Dishwashing Liquid can also be used for many other odd applications such as:

- A car, truck and bus shampoo.
- To treat and remove mild food stains on clothing prior to placing in the washing machine.

Packaging

Kaufmann Dishwashing Liquid is available in 750 ml and 5 Lt pack sizes.
