Spring Valley Ammonia Cleaner Product Data Sheet

Application

Spring Valley Ammonia cleaner is for the cleaning of contaminated and dirty hard surfaces such as basins, baths, walls, tiles, stoves, granite and marble countertops, etc. The product contains non-scratch abrasives and a selected blend of cleaning agents for superior cleaning.

Advantages of the product include a beautiful fresh lemon scent without the overpowering smell of ammonia. Spring Valley Ammonia cleaner is highly active and does not bleach surfaces or leave yellow stains.

Dosage & Directions of use

Apply a small quantity of Spring Valley Ammonia cleaner to a damp cleaning cloth or non-abrasive sponge and rub over soiled surface. Spread evenly of area until grime is removed. Rinse thoroughly with clean warm water once surface is clean to leave a sparkling clean finish. Spring Valley Ammonia may also be applied directly to surface, where needed and the spread of surface. Always remember, as with any chemicals, to use gloves when working with chemicals.
