## Spring Valley Blue Ice Extreme Dish Liquid Product Data Sheet

### Application

Spring Valley Blue Ice Extreme is a super concentrated high quality formulation for washing of all types of dishes, crockery, cutlery, glasses, pans, etc. Spring Valley Dish Liquid can also be applied in dilution as an all purpose cleaning detergent for hard surfaces.

Advantages of using Spring Valley Blue Ice Extreme are:

1. The aesthetically pleasant and natural leaf green colour.
1. The pleasant Fresh fragrance during washing.
2. The Skin conditioner for superior softness and protection of hands against dryness and flakiness. **TIP:** *Even though Spring Valley Blue Ice Extreme is not regarded as harmful to skin, it is always recommended to use kitchen gloves when washing dishes, cleaning surfaces, etc. not only for hygienic purposes, but also from a chemical perspective as it is afterall a detergent that breaks down fats and greases.*
3. The superb foaming action that lasts and lasts.
4. The reduction of surface tension in the dishwashing water that leaves dishes sparkling clean and streak-free after rinse-off.
5. Spring Valley Blue Ice Extreme has a neutral to slightly alkilinic pH.

### Dosage and Directions

Using 5ml per 10Lt of warm water, is all you need for most general applications. It is always advised to rinse any remaining grime off dishes prior to washing them clean with Spring Valley Blue Ice Extreme with the intention that dish water is not contaminated with food particles, etc. Once the dishes are washed sparkling clean, it is recommended to do a final rinse with clean, warm water.

### Physical properties

Appearance:	Dark Blue Clear Thick Liquidp
Specific gravity:	1,019 - 1,021
pH:	7,0 - 8,5

### Useful Tips

Spring Valley Blue Ice Extreme can also be used for many other odd applications such as:

- A car, truck and bus shampoo.
- To treat and remove mild food stains on clothing prior to placing in the washing machine.
- Cleaning hands as a mild hand cleaner in workshop periodical use.
