Spring Valley Bubble bath Product data sheet

Application

Spring Valley Bubble Baths have a concentrated formulation with a unique blend of skin conditioners, which leave the whole body feeling soft and gentle to the touch. Spring Valley Bubble Baths exhibit superior foam action/height, which lasts longer and is not readily influenced by bar soap use. The foam created with Spring Valley Bubble Baths, insulates the bath water, keeping it warm for longer as well as prevents or reduces deposits on the bath tub. Four aroma-therapeutic fragrances are available: Crayons, Dawn, Ocean Breeze and Petal Bouquet. Spring Valley Bubble Baths are ideal for the whole family and can also be used as a shower gel as well.

Directions for use

Simply add 10-15ml to your bath under running water and see the foam increase. When using as a shower gel, you can either add it to your sponge or facecloth and lather your body and feel how it conditions and cleanses your skin after rinse-off.
